UNIVERSITY OF COLORADO
COLORADO SPRINGS

Student Leave of Absence Policy

Students may request a leave of absence from the Office of Inclusive Services (OIS) at UCCS for any reason. OIS Staff will meet and discuss whether to grant the leave of absence, the length of leave given, and the terms of re-entry to the program. If the leave of absence is granted, the student will not have to reapply to the program. A leave of absence agreement will be written and signed by OIS Staff, the student, and the student's family. When the student returns from leave, the student will re-enter the program where they left off, except that any partial semester will need to be restarted and completed. Prior to reentry, the OIS Staff, the student, and the student's family will work together to develop a plan for the student to complete the program.
