Proof of Intellectual Disability Policy

The Office of Inclusive Services serves students with Intellectual Disabilities. Students must provide documentation of intellectual disability at the time of application. Documentation must include one of the following:

- An IEP stating that an intellectual disability is the qualifying disability for IDEA services
- An education evaluation evidencing an intellectual disability
- A psychological evaluation evidencing an intellectual disability

All records shared are kept confidential and protected. Electronic data is stored on secure servers and protected by security measures, including encryption, firewalls, and multi-factor authentication. Records are retained for six months and are disposed of securely using secure data-wiping methods for digital files.
